

## Wall Mounted Dispensers

The Englass Wall Mounted Dispenser Units, whether hand or elbow operated, are a convenient solution in areas where hygiene is important.

Constructed from robust, rigid plastic these wall units dispense hand cleaners, sanitisers, cleaning liquids and moisturisers.

### How Do They Work?

The wall plates with the pump attached are fixed to the wall using the screws provided. The wall plate has an integrated 28/400 thread that the bottle screws into.

The Wall Mounted Units allow for the economical and environmentally friendly option of using refillable containers.

### Product Information

- Components:
- Integral thread is 28/400. Ideal for 500ml or 1lt bottles.
  - The SC Falcon 4ml dispenser.
  - Suitable for use with liquids, creams and gels that do not have particulates.
