TUFF TAP SPECIALS

Have you thought about using Tuff Taps in orchards? Maybe the inline and tee taps are just what you need in an orchard set-up, or in frost protection systems.

We have supplies of inline and tee taps in the Tuff Tap range, that we think you'd like to know about. For a limited time (while stocks last) we are heavily discounting these lines so if you're keen to give them a try let us know.

Over the page I have summarised our Tuff Tap range and pricing and included some items that some of your customers may find useful.

We also thought we'd give you prior warning that our prices will rise (possibly by 10%) on 1 October 2008 due to the increasing costs passed on by our manufacturers (rising prices of oil & freight etc.). Orders placed pre-October will be at the current rates.

INLINE & TEE TUFF TAPS - Price Reduced! (prices exclude GST & Freight ex-Hamilton)

Code	Description	Pipe ID	Usually (1+)	Now/ea
I001313	Inline	13mm	\$2.71	\$1.50

Available for pipe with ID 14.7 & 16mm
(see above for discounted sizes currently in stock)

FANTASTIC WATER PUMPS

(prices exclude GST & Freight ex-Hamilton)

As irrigation installers deal with water we figured you should know about our Water Meter Pumps. These portable hand-operated pumps are perfect for removing water from around water meters, valves and fittings (not suitable for drinking water). Say you saw it in this newsletter to receive this pricing which is the normal 50+ price.

Our code **132170**, 136-PF-3 water meter pump.

Plastic body 900mm long

Outlet hose 1.8m long

(Stone strainer also available)

Newsletter Special Price \$84ea

Our Code **132164**, 224-PF water meter pump.

Plastic body 600mm long

Outlet hose 600mm long

Newsletter Special Price \$43.66ea
