## WHAT'S NEW?

Email orders: Please email orders to [orders@3swans.co.nz](mailto:orders@3swans.co.nz)

Welcome to our June Newsletter. Below is an invitation to all our customers visiting Hamilton for Fieldays to drop in and see us. We realize this will appeal mostly to those of you travelling from the north, but the offer is there for

anyone who would like to visit. And, if you want to collect an order this week you can save 15% as well. Of course, customers are welcome to drop in any time of the year. We run from a home office so don't be alarmed when you

get away from the industrial area. Take a look over the page for some drum pump specials, and for details on a new style of 3/4" bung and drum pump that we are now stocking.

**John, Jo, Yvette and Carla**

## FIELDAYS SPECIAL INVITATION

**Are you coming to Hamilton for Fieldays?**  
Wednesday 16 - Saturday 19 June 2010

We would like to extend a warm invitation to all our customers who are coming to Hamilton for the 2010 National Fieldays...

*Drop in and see us at our office for a hot cuppa, toilet break or a quick catch up, on your way to or from the Fieldays. Whether it's setting up, packing up, or while the Fieldays is running, you're welcome.*

We are located about 2 minutes from Te Rapa Road (SH1), so if you're heading north it's a very short detour. You might be tired of sitting in traffic, or maybe you just feel like taking a break to avoid the Auckland rush-hour.

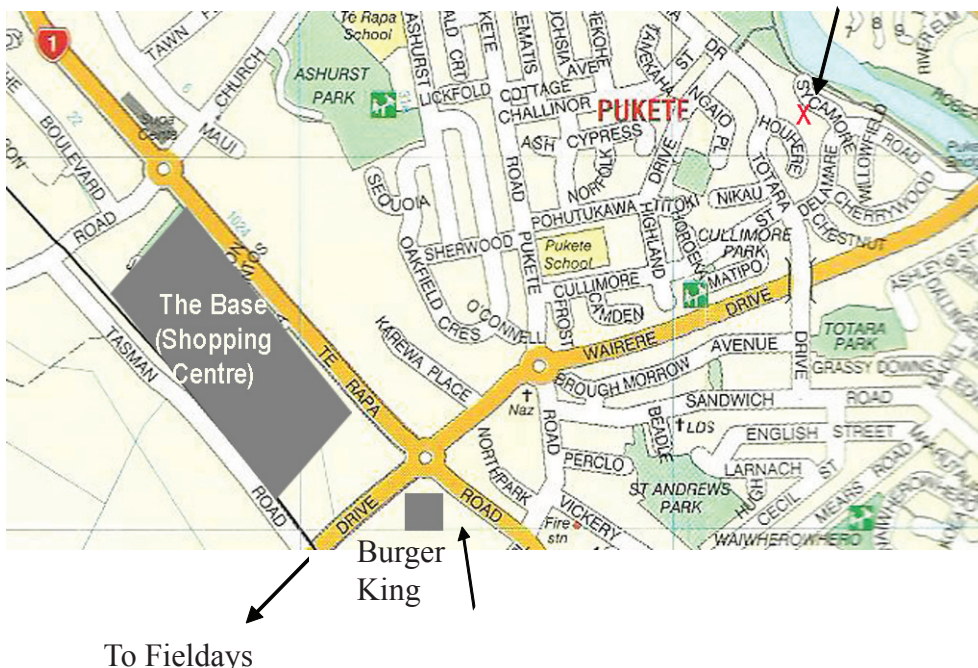

**PLUS:** Give us advance warning of your order requirements and you can collect it when you drop in, and we'll knock 15% off as a Fieldays Special! (please do give us warning of orders so we can have them ready for you)

Buy tickets to Fieldays and get info: <http://www.fieldays.co.nz/>

### 3 Swans 13 Sycamore Place

### Directions from the North:

- From SH1 turn left into Wairere Dv (at the Burger King intersection)
- At the round-about turn left into Pukete Rd
- Turn 1st right into Cullimore Dv
- At the end of Cullimore Dv turn right then 1st left into Delamare Rd.
- Sycamore Pl is on the left at the bottom of the hill.

## NEW STYLE 3/4" BUNG 800627

Newsletters are now available from our web site

We are now stocking the Rieke version of 3/4" drum bung. This replaces our previous version. It fits 3/4" bung holes in drums and jerry cans, as well as large drum bungs such as our 800605 and 800612 (as shown below). The pricing is the same as for 800626.

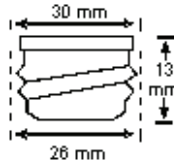

**Old bung:** 800626, 3/4" BSP (British fine thread) standard (Dorony). Cream/white with black washer.

**New bung:** 800627, 3/4" NPT (US fine, tapered thread), Rieke PPA-10-2 drum bung. Natural with no washer. As this is a tapered thread there is no need for a washer as it engages more as it is tightened.

Pricing\*: 1+ \$ 2.50, 10+ \$0.88, 50+ \$0.78, 100+ \$0.68, 500+ \$0.62

800627, 3/4" bung

800627 thread dimensions

800612 with 800627 in the middle

Please note that the new prices for drum bungs took effect 1 June.

## BECKSON CHEMICAL DRUM PUMPS

Previously we were stocking two versions of the large Beckson chemical drum pump. We have rationalised our range so we will now only stock one version of the larger pump. The other version can be still be bought on indent, as a minimum of 10.

**Old Version:** 132130, 236-PF-3, has a lift action only, the body is 850mm, with the outlet hose 32mm OD and 910mm long made from blue corrugated plastic.

**New Version:** 132134, 236-PF-4, has a syphon and lift action, the body is 850mm long, with the outlet hose 27mm OD x 1200mm long made from clear PVC. This moves 20lt/ min or 800ml/stroke. With a viton seal and PVC body it is compatible with a wide range of acids and alkalis.

*We believe this pump does everything and more than the 132130.*

Pricing\*: 1+ \$183.33, 2+ \$144.50, 3+ \$134.50, 4+ \$124.50, 5+ \$118.00

\*+ GST & Freight ex-Ham
